Re: Division of Occupational and Professional Licenses Investigation
Case No. 1936785

Dear Mr. Stewart,

Our firm serves as prosecutorial counsel to the Idaho Contractors Board ("*Board*"), by and through its administrative agency, the Division of Occupational and Professional Licenses ("*DOPL*").

A complaint was filed with the Board concerning a remodeling project in Nampa, Idaho. An investigation revealed that you violated Idaho law, namely:

Idaho Code § 54-5215(2)(g) – Dishonest or Dishonorable Dealings

You have two (2) options to address this matter:

1. First, you may agree to resolve the case informally by signing the enclosed Stipulation and Consent Order ("*Stipulation*"), in which you acknowledge the stated violations and agree to the proposed discipline. If you choose this option, please sign and return the enclosed Stipulation by **April 23, 2026.** You may submit a scanned copy by email to expedite processing; however, the original signed document must also be mailed to:

Division of Occupational and Professional Licenses
Attn: Desiree Lanier
550 W. State Street
Boise, ID 83702

2. Alternatively, if you do not wish to resolve the matter informally, DOPL will initiate formal disciplinary proceedings. An Administrative Complaint will be filed against you, and the matter will be scheduled for a hearing before the Idaho Contractors Board. For an overview of the administrative disciplinary process, please visit: https://dopl.idaho.gov/investigation-and-disciplinary-process/.

Please review the enclosed Stipulation carefully and in its entirety, as it outlines the factual findings, legal violations, and disciplinary terms proposed to resolve this matter. Your signature on the Stipulation signifies your agreement to the facts, legal conclusions, and terms of discipline set forth therein. If you do not sign and return the enclosed Stipulation or contact us by the date set forth above, we will assist DOPL in filing a formal administrative complaint against your registration and will proceed accordingly.

You are encouraged to consult with legal counsel prior to signing. Should you retain legal counsel to advise you with respect to this matter, please provide your counsel with a copy of this letter and the proposed Stipulation, and have counsel contact me at their earliest convenience.

Sincerely,

ARKOOSH LAW OFFICES
